Subject: Dimock - update from field

The packages have been delivered to 9 of the residents - last two scheduled for 5pm and 5:30pm. All 9 residents requested follow up visits to discuss in detail , which we will schedule tomorrow.

One correction needed for Q&As - we sampled 61 homes not 60 - double checking number of wells which service the 61 homes... sorry -

let me know if you have any questions.
